TREASURER'S REPORT

It is with pleasure that I present the 1975 Public Accounts of the Province of Ontario which review the finances of the Province for the fiscal year ended March 31, 1975.

The variety of financial information included in Public Accounts necessitates publication of three distinct volumes. To assist readers, the organization of the volumes and the basis of reporting is provided in a Guide to Public Accounts which appears on page 8 of Volume I.

Comments or queries will be welcome and should be directed to the Treasury Division of the Ministry of Treasury, Economics and Intergovernmental Affairs.

A handwritten signature in dark ink, appearing to read 'W. Darcy McKeough', with a horizontal line drawn underneath it.

A GUIDE TO PUBLIC ACCOUNTS

1. SCOPE OF THE PUBLIC ACCOUNTS

The 1974-75 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province.

Volume 2 (to be issued at a later date) contains the financial statements of those Provincial Crown corporations, boards and commissions in which the Province has an investment or which have an advance from the Province.

Volume 3 (to be issued at a later date) contains the details of expenditures required by the Standing Committee on Public Accounts.

2. BASIS OF REPORTING

The financial statements of the Province of Ontario reflect the use of the "cash flow" principle of accounting. This method, modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended, offers a precise measurement of government activity for a fiscal year. This, rather than the "accrual" principle, is utilized because of two fundamental characteristics of government reporting which set it apart from commercial practice.

The first characteristic is the constitutional principle which underlies the system. The Legislature votes sums of money to specified ministries for stated purposes. The Legislature provides for the required money by authorizing the government to levy taxes or to borrow. The accounts of the government therefore are a record of stewardship and reflect the accountability to the Legislature for the management and disposition of monies levied, entrusted and spent. The purpose of the public accounts in government is to explicitly display that stewardship as revenue flows into and expenditure flows out of the Consolidated Revenue Fund.

The second characteristic is that there is no direct commercial relationship between government revenues and government expenditures. This obviates the "matching" benefit provided by accrual accounting. Expenditures are incurred for the operation of a wide range of services which have been established by government policy. Taxation, the major source of revenues, is imposed on those parts of the economy best able to finance government programs and is also a fiscal policy instrument for the government in terms of its incidence and in its relationship to expenditures.

The transactions of the Province of Ontario are presented in summary form according to the three distinct areas of government activity through the Consolidated Revenue Fund:

"Budgetary Transactions" are operational activities which include the revenues raised through taxation, premiums, fees, licences and permits, payments from the federal government under shared-cost programs, and income from investments. Expenditures on government programs include payments for goods and services, interest on the public debt, salaries, transfer payments to individuals, municipalities and institutions under various social programs, subsidies and grants and the acquisition or creation of fixed assets. Government assets are generally of lasting value and may tend even to appreciate over time; e.g. parkland, public works or the highway system. Their benefit to future taxpayers is not significantly different from expenditures on education or health care. For these reasons Provincial expenditures on fixed assets are treated as non-recoverable expenditures of each fiscal year. The extent to which revenue exceeds or falls short of expenditure directly decreases or increases the net debt.

"Non-Budgetary Transactions" are the lending, investment and trust administration functions which include, as distinct from expenditure, the government lending and investment activity in various crown corporations, agencies and municipalities. All of these loans and advances are repayable or represent equity holdings supported by the assets of the corporations. Net changes are reflected in the year-to-year fluctuation on the Statement of Assets and Liabilities. Also included in this category is the activity within deposit, trust and certain special purpose accounts, all of which bear directly on the Statement of Assets and Liabilities.

"Debt Transactions" are the borrowing and repayment transactions which include obligations issued to both non-public and public sources of funds and are reflected directly in the Statement of Assets and Liabilities.

The Net Debt of the Province is the excess of liabilities over revenue-producing and realizable assets. Year-to-year changes in net debt are related directly to the amount by which revenues exceed or are less than expenditures on budgetary transactions.

With respect to the financial operations of provincial crown corporations, agencies, boards and commissions, the financial statements presented in this Report reflect (i) the year-end position of the advances to or the investments in these entities which are made from the Consolidated Revenue Fund and (ii) the extent to which their operations have been financed from or have contributed to the Fund for the year.

1975 CHANGES IN ACCOUNTING TREATMENT

(1) Ontario debentures held as investments.

Prior to April 1, 1974, Ontario debentures held at the year end were valued at par and reported as a deduction from Debentures on the Statement of Assets and Liabilities. Commencing with 1974-75, Ontario debentures held at the year end are valued at cost and are included with Cash, Temporary Investments and Marketable Securities. The 1973-74 comparative amounts have been restated as explained on page 30 in the Schedules to Statement of Assets and Liabilities.

(2) Advances from the Ontario Municipal Employees Retirement Fund.

The Ontario Municipal Employees Retirement Fund deposits surplus funds with the Province and on December 31 each year receives a debenture for all funds deposited in the calendar year. In prior years deposits received between January 1 and March 31 were reported as a Deposit account on the Statement of Assets and Liabilities and the activity of the account was recorded as Non-Budgetary Transactions in the Statement of Consolidated Revenue Fund. In 1974-75, the accounting treatment has been revised to include such funds with Advances Payable on the Statement of Assets and Liabilities and as Debt Transaction (Proceeds of Loans) in the Statement of Consolidated Revenue Fund. The 1973-74 comparative amounts have been restated to reflect this change in accounting.

3. A GUIDE TO VOLUME 1 OF THE PUBLIC ACCOUNTS

(1) Financial Statements of the Province

The financial statements of the Province and supporting information are contained in the first 54 pages of Volume 1 and have been arranged to present (a) the Statement of Consolidated Revenue Fund and the Statement of Assets and Liabilities, (b) schedules to the Statement of Consolidated Revenue Fund, (c) schedules to the Statement of Assets and Liabilities and, (d) miscellaneous statements.

(2) Ministry Statements

In addition to the financial statements and schedules provided in section (1) above, individual ministry reports of financial activity are provided in pages 55 to 410. Five separate statements are presented for each ministry.

(a) "Statement of Revenue"

(b) "Statement of Receipts and Credits"

(c) "Statement of Expenditure by Program"

This statement provides an overview of the expenditures of each ministry. It shows, by ministry program and in total for the ministry, the amount of the current year's actual expenditures which is compared with the related appropriation for the current year and the previous year's actual expenditures.

Ministry totals for statutory appropriations, expenditures and disbursements and charges are also shown.

(d) "Statement of Expenditure by Program and Activity"

This statement, prepared for each ministry program, is designed to show the activities comprising the program. The appropriation for each activity is analyzed according to funds appropriated through the Expenditure Estimates or approved by Management Board and the total is compared to the actual amount spent for the fiscal year. Statutory payments are reported separately. The "program description" narrative contained in the Expenditure Estimates is included with the statement to provide the reader with a general description of the program.

(e) "Details of Expenditure by Activity and Standard Accounts Classification"

This statement reports actual ministry expenditures for each program at the identical level of detail provided in the Expenditure Estimates where the funds were voted; i.e. on the basis of the Standard Accounts Classification within each activity as shown in the 1974-75 Expenditure Estimates.

The following is a brief outline of the types of expenditures included in each of the eight Standard Accounts comprising the Standard Accounts Classifications:

Salaries and Wages

Includes salaries and wages, overtime and other remuneration paid to regular, probationary and unclassified staff. It also includes indemnities and allowances paid to Members of the Legislative Assembly, and foreign service and other special allowances paid to public servants.

Employee Benefits

Includes the Government's contribution as an employer to the Canada Pension Plan, the Public Service Superannuation Fund, the Unemployment Insurance Fund, the Workmen's Compensation Board, and other employee benefit plans.

Transportation and Communication

Includes travelling expenses of public servants on government business and recipients of government services, such as wards of the Province. Also, included are relocation expenses of public servants who are transferred, expenses of moving office furniture and equipment, and costs of transportation of goods other than for initial delivery. Includes mailing costs, such as postage and registration; and communication costs, such as telephone, telegram, and data communications.

Services

Includes charges for information services, such as, advertising provided by professional agencies, advertising placed directly with the media, and services for the production of departmental publications and films.

Also included are charges for the rental and the purchased repair and maintenance of machinery and equipment, buildings, land and engineering structures.

Includes charges for data processing services. Also included in this account are insurance premiums and other miscellaneous charges for special services.

Supplies and Equipment

Includes provision for the purchase of all machinery and equipment, both new and used. Also includes the purchase of all materials, supplies and utilities.

Acquisition/Construction of Physical Assets

Includes all costs of acquisition and construction by contract of new and used buildings and engineering structures. Also included in this account is the cost of acquisition of land.

Transfer Payments

Includes grants, subsidies and allowances, etc., to persons, the business sector, non-commercial institutions and other governmental bodies.

Other Transactions

Includes several special transactions, such as, Ontario Development Corporation – Loan forgiveness and Guarantees and Municipal Taxes on A.R.D.A. owned property.

Statutory Appropriations and Disbursements and Charges are not Standard Accounts. Amounts required for Statutory Appropriations and Disbursements and Charges are shown, where applicable, as separate entries under the Standard Accounts Classification details relating to each Activity.

I have examined the above Statement of Assets and Liabilities of the Province of Ontario as at March 31, 1975, the Statement of Consolidated Revenue Fund, the Statement of Revenue, the Statement of Expenditure, and the related financial statements appearing in Volume I of the Public Accounts for the year ended on that date. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Province as at March 31, 1975 and the results of its operations for the year then ended, and were prepared in accordance with generally accepted accounting principles which, except for the changes in accounting treatment outlined under the heading of "Basis of Reporting" on Pages 8-9 of Volume I of the Public Accounts, were applied on a basis consistent with that of the preceding year. The generally accepted accounting principles are those relative to government accounting and are fully described under the previously referenced "Basis of Reporting".

In accordance with section 20 of The Audit Act, a report will be made to the Legislative Assembly.

F. N. SCOTT, C.A.,
Provincial Auditor.

The financial statements of Ontario Hydro are shown in Volume 2 of the Public Accounts for 1974-75.

Advances, secured by bonds, are made to Ontario Hydro from the proceeds of debentures issued by the Province of Ontario for that purpose under authority of The Power Corporation Act. As security for the advances, the Province holds bonds of Ontario Hydro for the principal amount with the same interest rate and terms as the related Province of Ontario debentures.

The Province by agreement with Ontario Hydro and Atomic Energy of Canada Limited contributed to the capital cost of the Pickering Nuclear Power Generating plant. The final calculation of capital cost as defined in the agreement was completed during 1974-75 and the Province received a return of capital advances amounting to \$9,859,575 leaving a revised capital advance of \$100,446,237. Under the terms of the agreement the Province receives payments based on the net operational advantages of the plant. These payments which have amounted to \$22,244,267 have been applied to reduce the advance.

Financial Statements of these Corporations, Boards and Commissions are shown in Volume 2 of the Public Accounts for 1974-75.

The Ontario Universities Capital Aid Corporation was established in 1964 with the object of purchasing from colleges, universities, the Art Gallery of Ontario, the Royal Ontario Museum and municipalities for public library purposes, debentures issued by them for approved capital construction projects. The advances bear interest and are repayable to the Province in the same amounts as the yearly instalments become due on the debentures purchased by the Corporation.

The Ontario Education Capital Aid Corporation was established in 1966 with the object of purchasing from municipalities debentures issued by them for school board undertakings. Interest paid on advances is equal to the net interest received by the Corporation from its investments.

The Ontario Mortgage Corporation (formerly Housing Corporation Limited) has as its object the provision of funds for first and second mortgages to purchasers of new dwellings. The terms of such mortgages include interest at a rate comparable to the rate charged by the Central Mortgage and Housing Corporation on direct loans, a maximum loan of 95% of the dwelling value and repayment periods of up to 35 years.

The Ontario Land Corporation was incorporated in 1975 to acquire land for new towns and industrial parks and to finance development of such land with government agencies and the private sector. The Corporation received advances of \$320 million to purchase land for the North Pickering, South Cayuga, Townsend and Edwardsburgh projects. The North Pickering land held by Ontario Housing Corporation was sold to the Ontario Land Corporation. The Ontario Housing Corporation in turn repaid \$193 million advances previously made from the Consolidated Revenue Fund for the North Pickering Community Development Project.

Ontario Housing Corporation, established in 1964, co-ordinates the development and management of residential accommodation in Ontario that is financed out of public funds. This balance is made up of advances of \$454,046,799 to December 31, 1974 as shown by the balance sheet of the Corporation and net receipts of \$192,153,830 received by the Treasurer of Ontario between January 1, 1975 and March 31, 1975.

The Ontario Energy Corporation was incorporated in 1975 to develop energy supplies for Ontario through investments, primarily in, but not limited to, Canada, in projects for the exploration, development and production of energy sources. Presently, priority will be accorded to development of natural gas, oil and coal sources. Ontario has agreed to make a 5% equity investment in Syncrude Canada Ltd. for oil sands development in northern Alberta. Such investment is presently estimated to be a total of \$100 million over the next several years. The Corporation is participating in the Polar Gas Project to study the movement of natural gas from the Arctic to southern Canada.

Ontario Development Corporation was established in 1966 with the objects of encouraging and assisting in the development and diversification of industry in Ontario. This asset consists of an investment of \$7,000,000 and advances of \$82,570,645. The investment of \$7,000,000 is the cost of all 7,000 shares, each with a par value of \$1,000, authorized and issued by the Corporation. The advances consist of interest bearing advances of \$43,139,251 and non-interest bearing advances of \$39,431,394 including those made under the Equalization of Industrial Opportunity Program and for Industrial Parks.

The Ontario Junior Farmer Establishment Loan Corporation was incorporated in 1952 for the purpose of making loans to assist young qualified farmers in the establishment, development and operation of their farms. This program was discontinued in February 1969. The Province has paid the cost of administration and the Corporation has applied its revenue to the payment of interest on borrowed funds and to the amortization of discount on debentures.

This item represents the Province's investment in the Ontario Northland Transportation Commission which operates a railroad and related services in the northern regions of the Province. Of the total advance, \$30,207,935 is non-interest bearing.

The Ontario Municipal Improvement Corporation, incorporated in 1950, has as its object the purchase from municipalities in Ontario of debentures issued by them for municipal works and undertakings.

The Central Mortgage and Housing Corporation advances funds to the Province on an interim basis for a portion of the cost of waste control projects under construction. When a project is completed the advance is partially forgiven and the balance converted to a forty year serial debenture.

The Ontario Municipal Employees Retirement Fund deposits surplus funds with the Province and on December 31 each year receives a debenture for all funds deposited in the calendar year. The balance in "advances payable" represents deposits made between January 1 and March 31. (See 1975 Changes in Accounting Treatment, page 9.)

TREASURY BILLS

FIXED ASSETS

Government expenditures on fixed assets are not capitalized for the reasons given in the Basis of Reporting on page 8. They are carried on the government accounting records at the nominal value of one dollar.

INACTIVE ASSETS

The Province of Ontario has fully reserved inactive assets in the amount of \$4,350,546.

The Government of Canada Debt Account at \$2,848,290 is an amount on which the Government of Canada pays interest at 5% to compensate the Province of Ontario for monies withheld from the Province in the period July 1, 1867 to January 1, 1873.

The Common School Fund at \$1,502,256 represents Ontario's share in a permanent fund of \$2,677,771 held in trust by the Government of Canada for the Provinces of Ontario and Quebec. The fund is derived from the sale of Crown lands set aside for the benefit of common schools by statutes enacted before Confederation. The Government of Canada pays interest to the Provinces on the principal sum at the rate of 5% per annum, payable semi-annually, in proportion to their respective populations as determined by the most recent decennial census. The present allocation is based on the census of 1971.

LONG TERM LEASES

The Province has long-term lease commitments for accommodation amounting to \$207 million to 1999 and an additional \$12 million for years beyond 1999. The lease payments made in 1974-75 amounted to \$30 million.

Program description:

This program consists of seven activities that provide for the regulation of financial and commercial affairs in order to maintain and strengthen a sound financial and commercial environment in designated areas for equitable exchanges of property and services. This is achieved through disclosure to the public of the essential elements of business transactions including the issuing of securities, registration and licensing of persons dealing with the public to assure a high degree of competence and honesty in their dealings, and examination and surveillance of the financial standing and practices of firms. In addition this program provides services for incorporation of companies, administration of The Motor Vehicle Accident Claims Act in respect of the adjustment of claims and payment of damages occasioned by the operation of stolen, unidentified or uninsured motor vehicles, and provision for appeal hearings with respect to matters of licensing under various acts administered by the Ministry.

Program description:

This program consists of six operating activities, co-ordinated by the office of the Executive Director, which are responsible for minimizing risk inherent in designated environmental, technical and operational situations. This goal is accomplished through the inspection of elevators, pressure vessels, upholstered and stuffed articles, the transmission, transportation, distribution and utilization of natural gas, propane and fuel oil and the issuance of licences for the operation of elevators and pressure vessels. The Uniform Building Standards activity is seeking to establish, through several advisory committees, a system of uniform buildings and fire safety standards for the Province.

Program description:

The Industrial Incentives and Development Program provides technical, business and financial services and loans or the guarantee of loans to encourage and assist in the development and diversification of industry in Ontario. Term loans are made to secondary manufacturing operations, service industries in support of manufacturing, the tourist industry, for anti-pollution and abatement equipment, and for the encouragement of new exports. To provide incentive, in certain circumstances term loans are made under the Ontario Business Incentive Program and may allow for deferral of principal repayments, interest-free or low interest terms. The latter program replaces the Performance Loans previously available for the equalization of industrial opportunity in slow growth areas of the Province. Included in the Ontario Development Corporation are funds for the support services provided to the Northern Ontario Development Corporation and the Eastern Ontario Development Corporation.

A GUIDE TO PUBLIC ACCOUNTS

SCOPE OF THE PUBLIC ACCOUNTS

The 1974-75 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province.

Volume 2 contains the financial statements of those Provincial Crown corporations, boards and commissions in which the Province has an investment or which have an advance from the Province.

Volume 3 contains the details of expenditures required by the Standing Committee on Public Accounts.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

FIXED ASSETS

Fixed assets include power supply facilities (generation, transformation, transmission and distribution); administration facilities (land, buildings, office and service equipment); and heavy water production facilities. The cost of additions and replacement of component units is capitalized. The cost of fixed assets retired, less the proceeds from sales, is charged to accumulated depreciation with no gain or loss being reflected in operations. Cost includes direct material and labour, and overhead costs such as engineering, administration and procurement that are considered applicable to the capital construction program. Interest is capitalized on construction costs based on the preceding three-year average of the cost of long-term funds borrowed.

The cost of producing heavy water includes direct costs, applicable overheads, interest and depreciation. The total cost of heavy water produced and purchased is capitalized as part of generation facilities.

DEPRECIATION

Since January 1, 1971, all additions to fixed assets and the net book value of thermal-electric generating stations in service at the end of 1970 have been depreciated using the straight-line method. All other assets in service at the end of 1970 continue to be depreciated on the sinking fund method. Depreciation rates for the various classes of assets are based on the estimated service lives, which are subject to periodic review. The service lives of major asset classes are:

Generation—Hydro-electric	50 to 100 years
Generation—Thermal-electric	30 years
Transmission and distribution	25 to 50 years
Heavy water production facilities	20 years

NUCLEAR AGREEMENT—PICKERING UNITS 1 AND 2

Ontario Hydro, Atomic Energy of Canada Limited, and the Province of Ontario are parties to a joint undertaking for the construction and operation of units 1 and 2 of Pickering Nuclear Generating Station, with ownership of these units being vested in Ontario Hydro. Contributions to the capital cost by Atomic Energy of Canada Limited and the Province of Ontario amounted to \$258 million and these have been deducted in arriving at the value of fixed assets in service in respect of Pickering units 1 and 2. Commencing with the in-service date of each of these units in 1971, Ontario Hydro is required to make payments for 30 years to each of the parties in proportion to their capital contributions. These payments, termed "payback", represent in a broad sense the net operational advantage of having the power generated by Pickering units 1 and 2 as compared with coal-fired units similar to Lambton units 1 and 2.

APPROPRIATIONS FROM NET INCOME

Under the provisions of the Power Corporation Act, the price payable by customers for power is the cost of supplying the power. Such cost is defined in the Act to include the cost of operating and maintaining the system, depreciation, interest, and the amounts appropriated for debt retirement and stabilization of rates and contingencies.

The debt retirement appropriation is the amount required under the Act to accumulate in 40 years a sum equal to the debt incurred for the cost of the fixed assets in service. The appropriation for stabilization of rates and contingencies is the amount retained to stabilize the effect of abnormal cost fluctuations.

FOREIGN CURRENCY TRANSMISSION

The liability for bonds payable in foreign currencies is translated to Canadian currency at the rates of exchange at time of issue. When bonds are retired, exchange losses or gains are charged or credited to interest expense in the statement of operations.

Translated at the rates of exchange at December 31, 1974, the total Canadian dollar liability for bonds payable in foreign currencies would be increased by \$17 million.

PENSION AND INSURANCE PLAN

The Pension and Insurance Plan is a contributory, benefit-based plan covering all regular employees of Ontario Hydro. The most recent actuarial valuation of the plan, at December 31, 1973, indicated an unfunded obligation of Ontario Hydro of approximately \$55 million. Of this amount, \$36 million will be amortized over the years 1974 to 1978 and the balance of \$19 million will be amortized over the years 1974 to 1989.

The pension costs for each year include current service costs and the pro rata share of the amount required to amortize the unfunded obligation.

AUDITORS' REPORT

We have examined the statement of financial position of Ontario Hydro as at December 31, 1974 and the statements of operations, reserve for stabilization of rates and contingencies, equities accumulated through debt retirement appropriations, and changes in financial position for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of Ontario Hydro as at December 31, 1974 and the results of its operations and the changes in its financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

ONTARIO HYDRO

NOTES TO FINANCIAL STATEMENTS—Continued

5. INVESTMENT IN COAL SUPPLY

Ontario Hydro and United States Steel Corporation have entered into an agreement for the development of a coal mine owned by United States Steel Corporation for the supply of 90 million tons of coal to Ontario Hydro over a thirty-year period commencing in 1976. Ontario Hydro will advance up to \$38 million for mine development and equipment, and will guarantee lease payments for mine equipment and rolling stock leased by United States Steel Corporation and make subsequent advances for a portion of the cost of equipment replacements. These advances and associated costs are to be amortized as part of the cost of the coal purchased under this agreement.

6. PLANT PURCHASE AGREEMENT

The Bruce Heavy Water Plant was purchased from Atomic Energy of Canada Limited in 1973. Under the agreement, Ontario Hydro pays Atomic Energy of Canada Limited equal monthly instalments of blended principal and interest from July 28, 1973 to December 28, 1992, with an interest rate of 7.795%. Principal repayments over the next five years will total \$39 million.

7. RESERVE FOR STABILIZATION OF RATES AND CONTINGENCIES

During the period from 1935 to 1949, appropriations for debt retirement charged to the direct industrial customers of the former Northern Ontario Properties were made at rates higher than those for customers in the former Southern Ontario System. On amalgamation of the two systems in 1962, the excess appropriation was determined and segregated in the Reserve as held for the benefit of these customers of the former Northern Ontario Properties. In 1973 a refund of \$7,329,000 was made to those direct customers still in existence.

8. RECLASSIFICATION OF 1973 COMPARATIVE FIGURES

To the Shareholder of
 Ontario Energy Corporation

We have examined the balance sheet of Ontario Energy Corporation as at March 31, 1975. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion this balance sheet presents fairly the financial position of the corporation as at March 31, 1975 in accordance with generally accepted accounting principles consistently applied.

Notes to the Balance Sheet

March 31, 1975

1. CAPITAL STOCK

2,000,000 common shares have been issued by the company for a cash consideration of \$100,000,000 to Her Majesty in Right of Ontario as represented by the Minister of Energy of the Province of Ontario.

2. SYNCRUDE PROJECT

On February 3, 1975, the Province of Ontario agreed in principle to acquire a 5% participating interest in the Syncrude Project, a joint venture for the extraction and processing of bituminous oil sands near Mildred Lake, Alberta. Subsequently, it was determined that the Province's participation would be effected through the Ontario Energy Corporation.

Upon completion of various agreements between the participants and the Alberta Government, the Corporation will be committed to contribute 5% of certain costs of the Project and will have the right to 5% of the net production from the Project. The Corporation's share of the estimated costs prior to the expected commencement of production in 1978, approximates \$100,000,000.

3. POLAR GAS PROJECT

On July 23, 1975 the Cabinet of the Ontario Government approved in principle participation up to \$10,000,000 in the Polar Gas Project through the Ontario Energy Corporation. The terms and conditions of such participation have not been finalized.

To The Ontario Municipal Improvement Corporation and
to the Treasurer of Ontario

I have examined the balance sheet of The Ontario Municipal Improvement Corporation as at March 31, 1975, and the statement of revenue and expenditure for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1975 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Corporation and, in accordance with section 12 of The Ontario Municipal Improvement Corporation Act, to the Treasurer of Ontario.

ONTARIO MORTGAGE CORPORATION

Notes to Financial Statements
December 31, 1974

1. THE CORPORATION

By Articles of Amendment the name of Housing Corporation Limited was changed to Ontario Mortgage Corporation effective August 19, 1974.

2. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1974 presentation.

3. ACCOUNTING POLICIES

(a) Administration Expenses

For the year ended December 31, 1973, Ontario Housing Corporation provided administrative services to Ontario Mortgage Corporation and charged the cost of these services to the latter Corporation. The fee agreed upon for that year was \$900,000.

Effective January 1, 1974, responsibility was assumed for all direct administration expenses relating to Corporation activities.

(b) Supplies and Equipment

Furniture and equipment purchases for general office use are charged to supplies and equipment in the year of acquisition.

(c) Provision for Contingencies

On March 4, 1975, Management Board of Cabinet approved the transfer of assets and liabilities relating to Ontario Mortgage Corporation mortgages, from the Ontario Housing Corporation Mortgage Guarantee Fund to a similar fund in the name of Ontario Mortgage Corporation, to be carried by the latter Corporation as a provision for contingencies. The physical transfer of cash, mortgages, real estate and securities will be completed during 1975.

4. NET LOSS FOR THE YEAR

Provision has been made in the Province of Ontario estimates for the 1975-76 fiscal year to reimburse the Corporation for the operating deficit for 1974-75 in the amount of \$1,570,000. The loss of \$1,140,338 for the Corporation's year ended December 31, 1974, was drawn from the Treasurer of Ontario on April 18, 1975, as a charge against the provision of \$1,570,000.

The 1974 loss referred to arose as a result of a provincial policy decision to make mortgage loans available to prospective home owners in moderate income ranges at rates of interest below the Corporation's borrowing cost. As a result, on the average, an insufficient margin existed between the Corporation's gross interest revenue and gross interest expense during the 1974 fiscal year, to cover administrative expenses. Losses that may arise from lending at an insufficient margin for the 1975 fiscal year have also been provided for in the Province's estimates for the 1975-76 fiscal year. Similar losses for future years will be submitted as part of the annual estimates process.

5. REMUNERATION OF DIRECTORS AND SENIOR OFFICER

The aggregate direct remuneration for the seven directors and one senior officer for the year ended December 31, 1974, was \$23,760.

Appliances valued at \$45,405 were in storage as at December 31, 1974, and are included in other assets. These appliances will be charged to property operating expenses at the time they are removed from storage and utilized in specific rental housing properties.

Furniture and equipment purchases for general office use are charged to supplies and equipment in the year of acquisition.

(b) Rental Housing Properties, At Cost, Less Accumulated Amortization

Land and building costs are being amortized over the term of the corresponding indebtedness.

(c) Administration and Management Fees

Management fees relating to the operation of Ontario Student Housing Corporation in the amount of \$25,000 are included in this total by agreement between the Corporation and Ontario Housing Corporation.

For the year ended December 31, 1973, Ontario Housing Corporation provided administrative services to Ontario Mortgage Corporation and charged the cost of these services to the latter Corporation. The fee agreed upon for that year was \$900,000. Effective January 1, 1974, Ontario Mortgage Corporation assumed responsibility for all direct administration expenses relating to Corporation activities.

(d) Capitalization of Costs

Carrying charges, consisting principally of interest and grants in lieu of municipal taxes attributable to properties under development, are capitalized as part of the cost thereof.

3. OPERATING FUNDS DUE FROM THE TREASURER OF ONTARIO

During 1974 Ontario Student Housing Corporation recovered development costs of \$25,579 which were written off in the prior year. Accordingly, the excess of expenses over revenue for 1973 for that Corporation has been restated.

4. INVESTMENT IN PROPERTIES UNDER DEVELOPMENT

As at December 31, 1974, title to properties amounting to approximately \$175,000,000 was registered in the name of Her Majesty The Queen In Right Of The Province of Ontario. All properties so registered were sold to the Ontario Land Corporation on March 31, 1975.

5. LOSS ON PROVINCIAL HOUSING OPERATIONS

Provincial housing properties are those that are developed and administered by the Ontario Housing Corporation. Individual property operating statements are prepared for the benefit of Central Mortgage and Housing Corporation and one hundred and seventy-one municipalities.

6. FEDERAL-PROVINCIAL HOUSING PROPERTY LOSSES

Federal-Provincial housing properties are developed by Central Mortgage and Housing Corporation and administered by forty-one housing authorities throughout the province. Separate financial statements covering the property management activities of these authorities reflect gross income and expenditures, the net of which is shareable by Central Mortgage and Housing Corporation, Ontario Housing Corporation and, in some instances, by the municipalities. The loss reported on this statement represents Ontario Housing Corporation's share only.

7. MORTGAGE GUARANTEE RESERVE

The outstanding balances of mortgages guaranteed as at December 31 are as follows:

	1974	1973
Ontario Mortgage Corporation	\$ 285,458,607	\$ 211,356,862
Approved lenders	70,261,612	71,527,443
	<u>\$ 355,720,219</u>	<u>\$ 282,884,305</u>

On March 4, 1975, Management Board of Cabinet approved the transfer of assets and liabilities relating to Ontario Mortgage Corporation mortgages, from the Ontario Housing Corporation Mortgage Guarantee

ONTARIO HOUSING CORPORATION

Fund to a similar fund in the name of Ontario Mortgage Corporation, to be carried by the latter Corporation as a provision for contingencies. The physical transfer of cash, mortgages, real estate and securities will be completed during 1975.

8. PROPERTY DAMAGE RESERVE

Property damage reserves have been maintained by partnership agreements from the inception of the Ontario public housing program. The intent of such reserves was to cover repair costs relating to minor damage by fire, wind, water and vandalism. Annual provisions and costs charged have been consistently low in relation to total investment. Therefore, by agreement with Federal and Municipal partners, these reserves will be discontinued during 1975. In the future, minor fire, wind, water and vandalism costs will be distributed against all public housing rental units in the Province of Ontario on a per unit basis.

9. CONTINGENCY

In June 1967, the Ontario Government passed The Condominium Act. The initial response to this new housing legislation from the private sector was limited which prompted Ontario Housing Corporation to embark upon an active program, through Ontario Mortgage Corporation, of financing condominium development. Participation in the financing of more than 14,000 condominium dwellings was undertaken. As an incentive for several of the earlier projects, including Chapel Glen, Flemington Woods and Crescent Town, comprising more than 4,000 units, Ontario Housing Corporation provided financial guarantees. The contracts for these three developments in Metropolitan Toronto included clauses whereby Ontario Housing Corporation agreed to purchase any units remaining unsold six months after substantial completion. Due to a slower than expected public acceptance of high-rise condominiums, Ontario Housing Corporation, under the agreements, became liable during 1972 to purchase the unsold units at these three locations. By mutual agreement with the construction companies, the Corporation's liability with respect to the purchase of the unsold units was deferred in exchange for a corresponding deferment of the companies' liability for interest on construction advances.

Although the construction advances referred to are carried as assets by Ontario Mortgage Corporation, Ontario Housing Corporation is financially responsible for any settlement with the construction companies that may be negotiated under the contract clauses described above. As at December 31, 1974, accrued interest on advances in question amounted to \$10,881,171 and such interest has been included as income in the accounts of Ontario Mortgage Corporation.

A decision with respect to a final settlement with the construction companies referred to above has not been made as of June 6, 1975.

To Ontario Student Housing Corporation and
to the Minister of Housing for the Province of Ontario

I have examined the balance sheet of Ontario Student Housing Corporation as at December 31, 1974, and the statement of operations for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Corporation as at December 31, 1974, and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made in accordance with section 17 of Order in Council 3417/66 under which the Ontario Student Housing Corporation was constituted.

Notes to Financial Statements
December 31, 1974

1. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1974 presentation.

2. ACCOUNTING POLICIES

(a) Deferred Income

The deferred income account as at the statement date is the unearned portion of gain from sale of real estate.

(b) Administration Fee

Ontario Housing Corporation provides administrative services to Ontario Student Housing Corporation and charges the cost of these services to the latter Corporation. The fee agreed upon between the two Corporations was \$25,000 for the year ended December 31, 1974.

3. SECURITIES

A student housing residence located on land owned by Queen's University at Kingston, was sold to the University on December 31, 1973. Amounts owing to the University pertaining to assets of reserve funds for capital repair and painting existing as at the date of sale, were paid to the University during 1974. Securities registered in the name of the Corporation, which formed part of these reserve funds, were liquidated early in 1975.

4. RENTAL HOUSING PROPERTIES ON LEASED LAND, AT COST

The cost of student housing accommodation constructed on land leased from universities and colleges is being repaid to the Corporation over the duration of the leases. When costs are fully repaid the buildings will become the property of the various universities or colleges. Rental and maintenance activities on twenty-three such properties are administered by eleven universities or colleges in eleven municipalities throughout Ontario.

5. RENTAL HOUSING PROPERTY, AT COST

This property is located in Toronto to provide housing for University of Toronto students. The property is administered by the Corporation and net operating costs related to the land and building are recoverable from the University of Toronto. Land and building costs are being amortized over the duration of the corresponding indebtedness.

6. DEVELOPMENT COSTS ABSORBED

During 1973 plans for certain student housing projects were cancelled. By arrangement with the Colleges and Universities concerned, the Corporation undertook to absorb 50% of planning and survey costs. Late in 1974 plans to develop one of the projects were initiated by a community college. The College agreed to reimburse the Corporation for the 50% share previously absorbed amounting to \$25,579. Accordingly, the development costs absorbed in 1973 amounting to \$72,037 have been restated to reflect the recovery.

7. GENERAL ADMINISTRATION EXPENSES

Due to decreased Corporate activity, late in 1973 salaries and certain other expenses were incorporated into the accounts of Ontario Housing Corporation, and are now covered by the annual administration fee referred to in note 2(b). Direct expenses for 1974 were minimal.

Under my direction, the balance sheet of Ontario Land Corporation has been examined as at March 31, 1975. The examination from incorporation on March 19, 1975 to March 31, 1975 included such tests of accounting records and other supporting evidence as were considered necessary in the circumstances.

In my opinion this financial statement presents fairly the financial position of the Corporation as at March 31, 1975, in accordance with generally accepted accounting principles.

ONTARIO LAND CORPORATION

Notes to Balance Sheet
March 31, 1975

1. OPERATIONS

The Ontario Land Corporation (which commenced operations on March 31, 1975) is an Ontario Crown corporation created without share capital by The Ontario Land Corporation Act, 1974 as proclaimed on March 19, 1975.

The Corporation was created to serve as a source of finance and an assembler of land for residential, community, industrial, governmental and commercial development by both the private and government sectors.

The operations of the Corporation are to be carried on by ministries of the Province of Ontario under management agreements. These agreements specify that the ministries will not be reimbursed by the Corporation for administrative costs incurred on its behalf.

2. ACCOUNTING POLICIES

The Corporation intends to follow the accounting policies and standards of financial disclosure generally used in the real estate industry in Canada.

3. PROPERTY INTERESTS

- (a) On March 31, 1975 the Corporation purchased from the Province of Ontario, at the Province's cost, existing property assemblies (consisting principally of land) as follows:

North Pickering.....	\$181,053,872
Townsend.....	30,117,050
South Cayuga.....	26,072,579
	<hr/>
	\$237,243,501
	<hr/>

- (b) The North Pickering assembly includes "hamlet" properties costing \$6,040,532 which the Corporation intends to sell.
- (c) Property interests include payments totalling approximately \$54,000,000 made towards properties under expropriation proceedings. Although these properties are owned by the Corporation at March 31, 1975, their ultimate cost is dependent on the results of these proceedings.
- (d) The Corporation plans to spend approximately \$42,000,000 during its 1975-76 fiscal year towards the completion of its existing property assemblies.

4. NOTES PAYABLE

Notes are payable to the Province of Ontario and mature on March 31, 1980. Notes are redeemable, in whole or in part, at any time at the option of the Corporation. Interest at the rate of $8\frac{1}{4}\%$ per annum is payable semi-annually.

ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements
March 31, 1975

1. ACCOUNTING POLICIES

(a) Loans receivable

The amount shown for term loans includes interest due and accrued.

(b) Loans Receivable re Northern Ontario Development Corporation

Loans Receivable re Eastern Ontario Development Corporation

Loans are disbursed by these Corporations under section 12(1) of The Development Corporations Act, 1973. In accordance with this Act, the loan agreements have been drawn between the borrowers and Ontario Development Corporation. Accordingly, such loans are deemed as receivable by this Corporation, and also, as payable to Northern Ontario Development Corporation and to Eastern Ontario Development Corporation.

Provision for doubtful accounts excludes the provision relative to term loans administered by Ontario Development Corporation for the above two Corporations. The amount of such provision relative to these term loans is applied as a reduction of the corresponding loans receivable, and as a reduction of Ontario Development Corporation's liability to these two Corporations with respect to such term loans.

Performance loan forgiveness excludes the forgiveness relative to performance loans administered by Ontario Development Corporation for the above two Corporations. The amount of such forgiveness relative to these performance loans is applied as a reduction of the corresponding loans receivable, and as a reduction of Ontario Development Corporation's liability to these two Corporations with respect to such performance loans.

(c) Lease option contract receivable

This contract pertains to property leased to a client with option to purchase. Only that portion of the rental which does not represent the lessee's potential equity in the property is recorded as income, with the balance of the rental being deducted from the lease option receivable.

(d) Serviced land at Sheridan Park, at cost

The original cost as well as the cost of improvements have been apportioned on a per acre basis, and the resultant per acre cost is used in determining the cost of sales of this land.

(e) Fixed assets and depreciation

Fixed assets are stated at acquisition cost and consist of:

	1975		1974	
	Cost \$	Accumulated Depreciation \$	Cost \$	Accumulated Depreciation \$
Land	342,514	—	342,514	—
Buildings and Improvements	4,225,875	1,583,310	4,121,518	1,142,878

	1,718,967		1,246,361	
	3,050,608		3,375,138	

Generally, depreciation is provided on a straight-line basis, using rates of from 5 to 20 per cent per annum for buildings and improvements, and 20 per cent per annum for equipment.

Equipment purchases for head and district office administration are charged to expense in the year of acquisition.

ONTARIO DEVELOPMENT CORPORATION**(f) Expenses**

Expenses totalling \$6,913,665 are reflected on a cash basis, and have been paid out of moneys appropriated by the Legislature under the authority of The Development Corporations Act, 1973. These expenses include certain administrative expenses incurred on behalf of Northern Ontario Development Corporation and Eastern Ontario Development Corporation.

2. CONTINGENT LIABILITIES

As at March 31, 1975 contingent liabilities in the form of guaranteed bank loans amount to \$11,987,826 (1974—\$4,669,736).

To the Northern Ontario Development Corporation, and
to the Minister of Industry and Tourism

I have examined the balance sheet of the Northern Ontario Development Corporation as at March 31, 1975, and statements of operations and deficit for the year ended on that date. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1975 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In accordance with section 24 of The Development Corporations Act, 1973, a report on the audit has been made to the Corporation and to the Minister.

NORTHERN ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements

March 31, 1975

1. ACCOUNTING POLICIES

(a) Due from Ontario Development Corporation

Loans are disbursed by the Corporation under section 12(1) of The Development Corporations Act, 1973. In accordance with this Act, the loan agreements have been drawn between the borrowers and Ontario Development Corporation. Accordingly, such loans are deemed as receivable from Ontario Development Corporation.

The amount of the provision for doubtful accounts relative to term loans included above is applied by the Corporation, through a charge to operations, as a reduction of the amount due from Ontario Development Corporation. The amount shown for term loans includes interest due and accrued.

The amount of any forgiveness relative to performance loans included above is applied by the Corporation, through a charge to operations, as a reduction of the amount due from Ontario Development Corporation.

(b) Expenses

Expenses totalling \$673,751 are reflected on a cash basis, and have been paid out of moneys appropriated by the Legislature under the authority of The Development Corporations Act, 1973. These expenses do not include certain administrative expenses absorbed by Ontario Development Corporation.

Equipment purchases for general office use are charged to supplies and equipment in the year of acquisition.

(c) Lease option contract receivable

This contract pertains to property leased to a client with option to purchase. Only that portion of the rental which does not represent the lessee's potential equity in the property is recorded as income, with the balance of the rental being deducted from the lease option receivable.

2. INVESTMENT

This investment represents the disbursements made pursuant to Order in Council 105/74 to acquire ownership of Minaki Lodge Resort Ltd. (and affiliated company, Minaki Development Company Limited), and to discharge the liabilities, and otherwise improve and operate Minaki Lodge Resort Ltd.

The reported losses of these two wholly-owned subsidiaries for the year ended September 30, 1974 amounted to \$610,194. The deficits of these two companies as at September 30, 1974 were reported at \$1,322,058.

Decreases in Northern Ontario Development Corporation's equity in these two companies, as the result of losses reported by these companies since acquisition of the shares, have not been reflected in the Corporation's accounts.

3. LOAN TO SUBSIDIARY COMPANY

Included in "Performance Loans, subject to forgiveness" is an amount of \$444,632 advanced to (and representing the investment in) Thunder Bay Ski Jumps Limited, a wholly-owned subsidiary. The reported loss for this subsidiary for the year ended March 31, 1975 amounted to \$19,997 and the reported deficit at that date was \$21,762.

This loss has not been reflected in the Corporation's accounts.

4. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1975 presentation.

THE ONTARIO JUNIOR FARMER ESTABLISHMENT LOAN CORPORATION

Notes to Financial Statements
March 31, 1975

1. FUND FOR REDEMPTION OF DEBENTURES

Commencing January 1974 the Corporation has been making periodic deposits into this bank account of moneys which otherwise would have been applied as repayments of the capital advances from the Treasurer of Ontario. It is the Corporation's objective that these deposits, with interest, will accumulate to an amount sufficient to retire the Corporation's debentures on their maturity date, October 1, 1976.

2. EVENT SUBSEQUENT TO YEAR-END

In April 1975, the Treasurer of Ontario purchased issued debentures of the Corporation of a par value of \$5.8 million. The Treasurer of Ontario then sold these debentures for their purchase price to the Corporation. Payment to the Treasurer of Ontario was made out of the Fund for Redemption of Debentures.

3. SALE OF PROPERTY

The provisions of the Corporation's mortgage indentures allow the Corporation, without taking title through foreclosure, to sell a farm property in certain circumstances for cash or credit. Upon sale the Corporation may take back a mortgage which differs in amount from the mortgage outstanding at the time of sale. The excess of the amount of any new mortgage over the amount of the original mortgage outstanding at the time of sale is accounted for as an unrealized gain. The gain remains unrealized until such time as the amount of the original mortgage debt is retired.

Mortgage principal payments received after the amount of the original mortgage has been retired constitute a realization of the gain, and are held in trust for the original owner or other claimant by the Corporation. Mortgage interest payments received after the amount of the original mortgage debt has been retired are similarly held in trust.

4. ADMINISTRATION EXPENSES

Salaries of the Corporation's staff and sundry administrative costs have been absorbed by the Ministry of Agriculture and Food and are not included in the statement of revenue and expenditure.

ONTARIO NORTHLAND TRANSPORTATION COMMISSION

AUDITOR'S REPORT

To the Ontario Northland Transportation Commission and
to the Minister of Transportation and Communications

I have examined the balance sheet of the Ontario Northland Transportation Commission as at December 31, 1974, and the statements of income, retained income and changes in financial position for the year then ended. My examination included a general review of the accounting procedures and such tests of the accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Commission as at December 31, 1974, and the results of its operations and the changes in its financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit, completed in accordance with section 39 of The Ontario Northland Transportation Commission Act, has been made to the Commission and to the Minister of Transportation and Communications.

Toronto, Ontario,
June 5, 1975.

ONTARIO NORTHLAND TRANSPORTATION COMMISSION

Notes to Financial Statements

December 31, 1974

1. ACCOUNTING POLICIES

(a) Materials and Supplies

With the exception of used rail, all materials and supplies are shown at cost. Used rail is shown at estimated utility value.

(b) Investment in Property and Depreciation

Fixed assets are stated at acquisition cost with the exception of office furniture and equipment, which is charged to operations in the year of purchase. With the exception of highway equipment, depreciation is provided on a straightline basis at rates based upon the estimated service lives of depreciable property. Highway equipment is depreciated on the diminishing balance basis based upon the estimated service life of the equipment. Except for uncompleted projects, for which no depreciation is provided, depreciation is based on asset balances at the beginning of the year. For railway and telecommunication properties, the rates used are as authorized by the Canadian Transport Commission.

The estimated service lives used for principal categories of assets are as follows:

Road—main line and branches	20 to 200 years
Railway diesel locomotives	25 years
Railway freight cars	33 years
Boat	50 years

(c) INCOME TAXES

As a Crown Corporation of the Province of Ontario the Commission is exempt from income taxes, and accordingly no provision is reflected in operations.

2. EFFECT ON DEPRECIATION OF PREVIOUS YEAR'S CHANGE IN ACCOUNTING RE PROJECT EXPENDITURES

To December 31, 1972, project expenditures were charged to the applicable investment in property account at the time of disbursement. Effective with the year ended December 31, 1973, project expenditures are now charged to an uncompleted project account at the time of disbursement. Upon completion of a project the total of the relevant expenditures are transferred to the appropriate investment in property account.

As a result of the above change, the 1974 charge for depreciation is approximately \$142,000 less than would have been charged under the previous method of accounting for project expenditures, since no depreciation is provided on uncompleted projects.

3. PROVINCIAL SUBSIDY

For the three months ending December 31, 1973, the Province of Ontario subsidized, to the extent of \$87,500, losses as a result of the reduction of certain freight rates. This subsidy was included in railway operating revenues as freight services (\$42,500) and express (\$45,000). Further subsidies were not claimed by the Commission as these freight rates were increased during the earlier months of 1974.

In 1974 the Province of Ontario provided funds for the purpose of subsidizing the net losses sustained by the Commission on its presently operated unprofitable services. The total subsidy for the year amounted to \$2,908,018. The portion thereof receivable from the Province at December 31, 1974, amounting to \$969,340, is included in accounts receivable.

4. CONTRIBUTORY PENSION FUND

As at December 31, 1974, based on the latest actuarial reviews, less payments, the remaining unfunded liability of the Commission under its Contributory Pension Fund total \$27,940,070. Of this amount \$19,443,107 represents the initial unfunded liability as of January 1, 1965; the balance of \$8,496,963 represents the outstanding amount of unfunded liabilities created subsequent to January 1, 1965.

The Commission has been making payments of interest and principal under The Pension Benefits Act. These payments have the effect of:

- preventing an increase in the initial unfunded liability;
- liquidating the balance of the unfunded liabilities over a period ending December 31, 1989.

5. COMPARATIVE FIGURES

Certain of the 1973 comparative figures have been restated to reflect the account classifications adopted in 1974.

THE ONTARIO TRANSPORTATION DEVELOPMENT CORPORATION

Auditors' Report to the Shareholders

We have examined the balance sheet of The Ontario Transportation Development Corporation as at December 31, 1974 and the statements of earnings, deficit and changes in financial position for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

As explained in note 2 to the financial statements, realization of the amount shown as licenses under Development, Design and License Costs is contingent on the successful completion of development and marketing of the products involved. We are unable to form an opinion as to the likelihood of such realization.

Subject to the ultimate recoverability of deferred Development, Design and License Costs, in our opinion these financial statements present fairly the financial position of the company as at December 31, 1974 and the results of its operations and the changes in its financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

THE ONTARIO TRANSPORTATION DEVELOPMENT CORPORATION

Notes to Financial Statements
for the year ended December 31, 1974

1. ACCOUNTING POLICIES

Depreciation and Amortization:

Fixed assets—

Moulds are being depreciated over the terms of a related royalty agreement, or their useful life. Automotive vehicles and furniture and equipment are being depreciated by the declining balance method, at rates of 30% and 20% respectively.

Leasehold improvements are being amortized over the period of the lease agreement.

Demonstration models are being amortized over the estimated period of benefit.

Licenses—

It is the intention of the corporation to amortize license costs over the period between the commencement of revenue therefrom to the expiry of the agreement on April 30, 1985.

Mould Design and Prototype Vehicle Costs—

It is the intention of the corporation to amortize these costs over their estimated period of benefit commencing with significant commercial usage thereof.

2. LICENSES

The rights under these licenses were acquired as follows:

Krauss Maffei License

(a) In exchange for the issue of 1,700,000 common shares of the corporation at \$3.00 per share	\$5,100,000
(b) Paid by OTDC to Licensor	\$500,000
Received from sub-licensee	(500,000)
(c) Sundry legal costs incurred in acquiring license	20,501
	5,120,501
Other—Cash payment	5,300
	\$5,125,801

Under the terms of the Krauss Maffei License, the corporation obtained the right to use certain existing technological information and also the right to further technological information to be developed during the course of a concurrent contract entered into with the Province of Ontario by the licensor to construct a working demonstration system based on the technical principles covered by the license agreement. This concurrent contract was terminated by the parties thereto before completion and the corporation will not receive such additional technological information as might have been developed in the course of completing the contract. The Province of Ontario has since authorized the expenditure of substantial funds as its expense to assess and refine the existing technological information with a view to establishing its future commercial usefulness. Until the completion of this project it is not possible to assess the likelihood of future recovery of the amount of \$5,120,501 contained in the balance sheet as the cost of the Krauss Maffei License.

Under the terms of the Krauss Maffei License the corporation was obligated to pay to the licensor a further amount of \$500,000 and a claim for payment of such amount has been made by the Licensor. Management has resisted such claim and believes that there are adequate grounds for such a course of action. No liability for such an additional payment is shown in these financial statements. Were further payment to be made it would be added to the amount of \$5,120,501 referred to above and would be subject to the uncertainties referred to in the preceding paragraph.

As a result of the termination of the related contract no further royalties are payable by the corporation for the use of the rights already granted to it under the license agreement.

3. LEASE COMMITMENTS

The corporation has signed agreements to lease premises with an annual commitment of \$147,000 expiring in five years.

4. REMUNERATION OF DIRECTORS AND SENIOR OFFICERS

The aggregate direct remuneration paid to the directors and senior officers, as defined by the Business Corporations Act, amounted to \$161,982.

Approved:

General Manager.

Deputy General Manager.

To the Liquor Control Board of Ontario,
to the Minister of Consumer and Commercial Relations, and
to the Lieutenant Governor in Council.

I have examined the balance sheet of the Liquor Control Board of Ontario as at March 31, 1975, and the statements of income, retained income and changes in financial position for the year ended on that date. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Board as at March 31, 1975, and the results of its operations and the changes in its financial position for the year then ended, in accordance with generally accepted accounting principles which, except for the change in recording purchases of furniture and equipment as described in note 2 to the financial statements, have been applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Board, to the Minister and, in accordance with section 17 of The Liquor Control Act, to the Lieutenant Governor in Council.

Notes to Financial Statements

March 31, 1975

1. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1975 presentation.

2. FIXED ASSETS

It is the policy of the Board to carry each parcel of land and each building on its books at the nominal value of \$1.00. The total of furniture and equipment in current use and leasehold improvements is carried on the books at the nominal value of \$1.00. All asset costs in excess of these nominal values are written off in the year of acquisition.

The cost at year-end of fixed assets is as follows:

	1975	1974
	\$	\$
Land.	8,274,779	8,107,874
Buildings.	39,699,242	37,538,643
Furniture and equipment.	9,210,780	8,440,495
Leasehold improvements.	6,065,070	5,592,413
	<u>63,249,871</u>	<u>59,679,425</u>

Details of fixed assets written off during the year are as follows:

	1975	1974
	\$	\$
Land.	189,711	482,190
Buildings.	2,505,586	2,203,435

Leasehold improvements.	828,009	599,031
	<u>4,493,010</u>	<u>4,036,539</u>

During the year ended March 31, 1975 the accounting treatment of furniture and equipment purchases was changed. Previously, all furniture and equipment was charged as fixed assets; now such purchases are charged as inventory and transferred to fixed assets only as they are put into current use. The effect of this change is to increase the net income of the year ended March 31, 1975 by \$244,096, being the amount of fixed assets carried in inventory at year-end.

On behalf of the Board of Directors:

Director.

Director.

To the Board of Directors of the Ontario Lottery Corporation and
to the Minister of Culture and Recreation

I have examined the balance sheet of the Ontario Lottery Corporation as at March 31, 1975 and the statement of operations for the period from inception on February 6, 1975 to March 31, 1975. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Corporation as at March 31, 1975 and the results of its operations for the period then ended, in accordance with generally accepted accounting principles.

A report on the audit has been made to the Corporation and to the Minister.

F. N. SCOTT, C.A.,
Provincial Auditor.

ONTARIO LOTTERY CORPORATION

Notes to Financial Statements
March 31, 1975

1. COMMITMENT

On March 27, 1975 offers to lease were accepted by the lessor committing the Corporation to provide \$136,645 annually for the five years terminating June 30, 1980 for the Corporation's office premises at 2 Bloor Street West, Toronto.

2. PREPAID MARKETING AND ADVERTISING EXPENSES

During the period, the Corporation incurred certain marketing and advertising costs relating to drawings which will take place in the subsequent year. Such costs will accordingly be charged to operations during the year ended March 31, 1976.

3. DEFERRED CREDITS

This amount represents recoveries from a sub-lessee with respect to their share of future rent payable.

4. SALARIES AND BENEFITS

During the formative period of the Corporation from December, 1974 until mid-February, 1975, administrative personnel were supplied by certain Ministries of the Province of Ontario. The salaries and benefits of such personnel were absorbed by the Ministries during this period.

A GUIDE TO PUBLIC ACCOUNTS

1. SCOPE OF THE PUBLIC ACCOUNTS

The 1974-75 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province.

Volume 2 contains the financial statements of those Provincial Crown corporations, boards and commissions in which the Province has an investment or which have an advance from the Province.

Volume 3 contains the details of expenditures required by the Standing Committee on Public Accounts.

2. A GUIDE TO VOLUME 3 OF THE PUBLIC ACCOUNTS

Details of expenditures are reported under the following categories for each ministry:

(1) Voted Appropriations

(a) Salaries and Wages

Employees who earned \$20,000 or more in the fiscal year are listed in alphabetical sequence. In addition, remuneration exceeding \$20,000 received by officials from two or more Ministries is contained in pages 193 to 195.

(b) Employee Benefits

(c) Travelling Expenses

Individuals whose total travelling expenses were more than \$2,500 are listed alphabetically. The travelling expenses of Ministers, Parliamentary Assistants and Deputy Ministers are included regardless of amount.

(d) Other Payments

Recipients of payments accumulating to more than \$10,000 are listed in alphabetical sequence under various subheadings appropriate to the individual ministry.

(2) Statutory Appropriations

Amounts paid are listed by individual Statutory Appropriation.
